Subject: [SPAM] Water Quality Standards Advisory Committee update

Advisory Committee members,

As you know from my communication in March, our meetings on the Water Quality Standards rules have been on hold for a bit (Designated Uses, Biocriteria, Site-specific criteria for phosphorus). We plan to remain on hold for the rest of the summer and resume with two or more (if needed) meetings in the fall. This will allow us to focus on a few high-priority issues in the meantime, such as finalizing the Wisconsin River TMDL. When we reconvene with you we will go over some adjustments we're recommending and get your feedback. If you feel you will be unable to participate in the fall and need to find a replacement, just let me know. I'll check back in with you as it gets closer.

Hope you are all enjoying the beautiful weather, & that you have a lovely summer ahead!

Kristi

We are committed to service excellence.

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.
